

MUBASHIR'S MART

Customer Support & Service Policy

Effective Date: August 2026 | Last Updated: August 20, 2026

1. GENERAL RETURN & REFUND POLICY

At Mubashir's Mart, customer satisfaction is our priority. We offer flexible returns and refunds to ensure a seamless shopping experience. All products purchased from our platform are eligible for return within the specified timeframe from the date of delivery. The return window varies based on product category, condition, and whether the item is sealed or opened. Refunds are processed after our quality assurance team inspects the returned item. Most refunds are credited back to the original payment method within 5-7 business days after approval. For items purchased using promotional codes or seasonal discounts, refund amounts may be adjusted to reflect the original price. Customers must initiate a return request through their account dashboard within the return window; verbal or chat-only return requests are not accepted.

2. SHIPPING & DELIVERY POLICY

Mubashir's Mart provides standard, expedited, and overnight shipping options for most regions across Pakistan and select international locations. Standard delivery typically takes 5-7 business days from the date of order confirmation, excluding weekends and public holidays. Expedited shipping (2-3 days) and overnight shipping are available for an additional fee based on destination and package weight. Orders placed on weekends or public holidays are processed the next working day. Customers can track their shipments in real-time using their order tracking number. Delivery timeframes are estimates and not guaranteed; however, if a standard delivery is delayed beyond 10 business days without customer notification of address issues, customers may request a full refund or reshipment at no cost. The company is not liable for delays caused by customs clearance, weather conditions, or third-party courier issues beyond our control.

3. PRODUCT CATEGORY RETURN WINDOWS & CONDITIONS

Category		Return Window	Condition Requirements	Restocking Fee
Electronics	Electronics (phones, laptops, tablets)	7 days	Sealed packaging, all accessories, no physical damage	5%
	Electronics Accessories (headphones, chargers, cables)	7 days	Original packaging, unopened; opened items non-returnable	10% if opened
Home Goods	Clothing & Footwear	14 days	Unworn, tags attached, no stains or odors	None
	Home Appliances (microwaves, blenders, fans)	10 days	Sealed/unopened, original packaging intact	8%
	Furniture & Decor	21 days	Minor damage acceptable; broken legs/frames non-returnable	12%
	Books & Digital Products	7 days (unopened)	Never downloaded/opened; digital purchases non-returnable	Full refund if opened
	Cosmetics & Personal Care	14 days (unopened)	Unopened, unused, sealed; tampered items rejectable	Non-returnable if opened
	Groceries & Perishables	2 days	Expired or damaged only; taste/preference issues excluded	Full refund for spoiled
	Sports & Fitness Equipment	14 days	Unused, tags attached, original packaging	5%

4. CRITICAL EDGE CASES & EXCEPTIONS

The following scenarios represent complex, real-world situations that require careful evaluation. These are designed to test RAG accuracy in handling conditional logic, time-based exceptions, and category-specific rules.

Edge Case #1: Sealed Electronics Paradox

A customer purchases a sealed smartphone on Day 1 but discovers a defect when opening it on Day 8 (outside the 7-day return window). RESOLUTION: Return is accepted because defects discovered within 7 days of opening are covered under warranty, not return policy. However, if the defect is determined to be user-induced (water damage, cracked screen), the return is rejected.

Edge Case #2: Partial Return with Bundle Discount

A customer bought 3 items together with a 25% bundle discount (total \$120) but wants to return only 1 item (originally \$50). RESOLUTION: The refund is NOT \$50. The discount is proportionally split: each item gets a 25% discount share. Refund = $(\$50 \times 0.75) = \37.50 . The bundle pricing logic is non-reversible.

Edge Case #3: Cross-Category Return Attempt

Clothing with all tags attached is returned on Day 15. Clothing normally has a 14-day window, but this was purchased as part of a furniture bundle where the furniture has a 21-day window. RESOLUTION: The 14-day clothing limit applies, NOT the 21-day furniture window. Each product category's return window applies independently to that category, even in bundles.

Edge Case #4: Refund Amount Adjustment for Sale Items

Item originally priced at \$200 was on a 40% flash sale (\$120). Customer returns it on Day 5. RESOLUTION: Refund is \$120 (sale price), not \$200 (original price). Flash sale prices are final for return calculations.

Edge Case #5: Cosmetics Opened for Testing

Unopened skincare set returned on Day 10 (within 14-day window), but customer admits to 'testing a tiny amount'. RESOLUTION: Return is REJECTED. The 'unopened' requirement is absolute; any usage, even minimal, disqualifies the item.

Edge Case #6: Damaged-in-Transit Claim After Return Window Closure

Item arrived on Day 3, customer never opened it, but on Day 12 realizes the packaging was damaged (visible crush marks). They request return on Day 13. RESOLUTION: Return is ACCEPTED if damage is clearly visible in the delivery photos (if available) or can be confirmed by visual inspection. The return window extends 48 hours beyond discovery of shipping damage.

Edge Case #7: Multiple Simultaneous Returns with Pending Refunds

Customer has 3 pending returns (submitted on Days 1, 5, and 8). Return #1 is approved on Day 15 (refund queued). On Day 16, they submit 2 new returns for the same items. RESOLUTION: Duplicate returns are rejected. System tracks serial numbers; only one return per item is allowed. Cancelled orders are refunded at the sale price in effect at the time of cancellation.

Edge Case #8: Customer Tier-Based Return Extension

Gold-tier member (50+ purchases in last year) buys a phone on Day 1 but returns it on Day 9. RESOLUTION: Gold members receive a +3-day return extension, making their window 10 days. Return is ACCEPTED. Standard members (0-10 purchases) get no extension. Platinum members (100+ purchases) receive a +5-day extension.

Edge Case #9: Free Item Inclusion in Return

Customer returns an item and includes the free gift that came with the order. RESOLUTION: Free items must not be returned separately. If included in a return package, they are removed and retained by Mubashir's Mart. The refund still applies to the purchased item only.

Edge Case #10: Refund Method Mismatch

Customer paid with a debit card that was subsequently closed. Return is approved on Day 6. RESOLUTION: Refund is processed to an alternate payment method provided by the customer, or as store credit if no alternate is available. If no alternative is provided within 15 days of approval, refund is forfeited and converted to store credit (70% of refund amount).

Edge Case #11: Headphone Return - Opened But Unused

Headphones returned on Day 5, still sealed in the original packaging, but customer paid extra for express delivery and wants to return that charge too. RESOLUTION: Unopened headphones are returnable, but the express delivery fee (\$15 flat) is NON-REFUNDABLE. Return applies to product only.

Edge Case #12: Furniture Assembled & Partially Damaged

Large sofa set arrived Day 1. Customer assembled it, used it for 10 days, then one leg cracks on Day 11. Within 21-day window but item is now used. RESOLUTION: Since structural damage occurred within 21 days and appears to be manufacturing defect, item qualifies for warranty replacement, NOT refund. Customer can exchange for a new unit at no cost. Refund only if replacement is unavailable.

Edge Case #13: Time-Zone Delivery Date Confusion

Order placed in PST at 11:59 PM (Day 1) but customer is in PKT (PST +12 hours). System logs delivery as Day 2. Return submitted what customer believes is Day 6 but is actually Day 7 from system perspective. RESOLUTION: The system's date stamp prevails. If system shows Day 8, the 7-day window has passed (for electronics). However, a grace period of +6 hours from window expiration is applied if the timestamp is within 6 hours of the cutoff.

Edge Case #14: Expired Promotional Code Return

Item purchased with a promo code (15% off) that has since expired. Return submitted within window. RESOLUTION: Refund amount is based on the sale price the customer paid (with discount applied). The code expiration does not affect the refund; only the actual transaction price matters.

Edge Case #15: Non-Defective Item Returned for 'Changed Mind'

Clothing item, tags attached, returned on Day 8 purely because customer changed their style preference. RESOLUTION: Accepted. Return reason does not disqualify items meeting condition requirements. However, customer may be flagged if they exceed 5 non-defective returns in a 30-day period; repeat abuse triggers a 'Return Policy Violation' warning.

Edge Case #16: Bulk Order Partial Return

Business customer orders 50 units of a product with a 30% bulk discount. Returns 10 units on Day 8. RESOLUTION: The 30% discount applies proportionally to all 50 units. Refund for 10 units = $10 \times (\text{unit price} \times 0.70)$. The bulk discount is NOT recalculated for the remaining 40 units; it remains frozen at order time.

Edge Case #17: Item Recalled After Delivery

Product is delivered on Day 4. On Day 9, the product is officially recalled due to safety hazard. RESOLUTION: All items, regardless of return window or condition, must be returned immediately. Refund is processed at 100% (including all applicable fees and taxes) within 3 business days.

Return shipping is free and urgent.

Edge Case #18: Pre-Order Cancellation Within 30 Days of Expected Delivery

Customer pre-orders an item with 50% prepayment on Day 1. Item ships on Day 29 (within 30-day pre-order window). Customer cancels on Day 31. RESOLUTION: Cancellation REJECTED. The 30-day pre-order window closed when the item shipped. Item is now treated as a standard purchase and must follow normal return procedures. Full prepayment is non-refundable for pre-orders cancelled after shipping.

Edge Case #19: Warranty vs. Return Policy Overlap

Laptop purchased with 1-year manufacturer warranty. Screen malfunction discovered on Day 8 (within 7-day return window). RESOLUTION: Customer may choose EITHER return OR warranty claim, not both. If they choose return, they get a refund but lose warranty coverage on the returned unit. If they choose warranty, they cannot return for refund; repairs are covered under warranty only.

Edge Case #20: International Order Return Shipping

Customer in Singapore orders from Mubashir's Mart (Pakistan-based). Item qualifies for return on Day 6. RESOLUTION: International return shipping costs are borne by customer (approximately \$30-50). Refund is processed AFTER item is received and inspected, minus the international shipping charge they paid at purchase. Domestic customers within Pakistan receive free return shipping.

Edge Case #21: Gift Card Purchase Return

Customer purchases a \$100 gift card with a 5% discount (\$95) but wants to return it unused on Day 5. RESOLUTION: Digital gift cards are FINAL SALE and non-returnable. However, if the gift card was defective or non-functional upon receipt, a replacement is issued at no cost. No refunds in cash or store credit.

Edge Case #22: Subscription Product Cancellation

Customer subscribes to a 3-month bi-weekly delivery box on Day 1 and pays upfront (\$90). After receiving the first box on Day 14, they want to cancel the remaining 2 boxes. RESOLUTION: The first box cannot be returned (perishables). The remaining 2 boxes (\$60) are refunded within 7 business days. A \$10 early cancellation fee is deducted from the refund (policy: \$10 per month remaining). Net refund: \$50.

5. FREQUENTLY ASKED QUESTIONS (FAQ)

Q: What if I receive a damaged item?

A: Immediately report damage within 48 hours of delivery with photographic evidence. You have two options: (1) Full refund (including return shipping if item is unusable), or (2) Replacement at no cost. We will send a return label via email. You are NOT required to return the damaged item if it's unsafe to handle.

Q: Can I extend my return window?

A: Standard return windows cannot be extended beyond the category timeframe. However, if there are extenuating circumstances (hospitalization, natural disaster, etc.), you may request a one-time 7-day extension by contacting support with documentation.

Q: How do I check my return status?

A: Log into your account and navigate to 'Orders' → 'Returns'. You'll see real-time status: Submitted → Approved/Rejected → In Transit → Received → Refunded. Email notifications are sent at each stage.

Q: Do I need to include a return slip?

A: Yes. Print the return label sent via email, which includes the barcode and return slip. If you cannot print it, you can also show the QR code on your phone at the courier pickup point.

Q: What if the returned item is lost in transit?

A: If your return shipment is lost, provide us with the tracking number and proof of dispatch. We will follow up with the courier. If confirmed lost, a refund is issued without requiring the physical item to be received.

Q: Are there any items that cannot be returned?

A: Yes. Non-returnable items include: (1) Items exceeding category return window, (2) Items showing signs of heavy use or wear, (3) Customized/personalized products (unless defective), (4) Digital products that have been downloaded or activated, (5) Items without original packaging/tags (clothing/footwear), (6) Items explicitly marked as 'Final Sale'.

Q: How long does refund processing take?

A: After your returned item is received and approved, refunds are processed within 5-7 business days. The timeframe for the refund to appear in your account depends on your bank (typically 2-5 additional business days).

Q: What if I paid with a credit card installment plan?

A: Refunds are processed back to your card. Installment payments are paused/cancelled, and you're no longer responsible for future installment charges. The refunded amount may take up to 2 billing cycles to reflect on your installment account.

6. REFUND & PAYMENT POLICY

Refund Processing Timeline:

Once a return is submitted, it enters our quality assurance queue. For expedited processing (same-day QA during business hours), items must be delivered between 10 AM - 4 PM PST on weekdays. Weekend deliveries are inspected on the following Monday. Items showing signs of tampering or damage are inspected by a second reviewer before final approval. Average QA turnaround: 2-3 business days. Refunds are credited to the original payment method, but if that method is unavailable, alternate methods (bank transfer, store credit) are used. The company reserves the right to deduct return shipping costs (\$50-150 for international items) from the refund amount.

Disputed Transactions & Chargebacks:

If a customer initiates a chargeback with their bank/credit card company after requesting or receiving a return, the return request is automatically cancelled and the account is flagged. The customer must resolve the chargeback with their bank first. If the chargeback is ruled in favor of the customer, Mubashir's Mart is not obligated to process an additional refund. Repeat chargebacks (3+ in a 12-month period) may result in account suspension.

Store Credit & Refund Caps:

Customers may opt for store credit instead of a refund. Store credit is issued at 110% of the refund amount (10% bonus incentive). Store credit does not expire and can be used for any purchase. However, store credits cannot be transferred, gifted, or converted back to cash. There is a hard cap on monthly refunds per account: standard members are limited to \$1,000 USD equivalent per month. Exceeding this triggers a mandatory 30-day cooldown period before further refunds are processed.

7. SHIPPING TIMEFRAMES & CONDITIONS

Shipping Method	Standard Delivery Time	Cost	Tracking Available?	Free Cancellation Until
Standard (Ground)	5-7 business days	\$5-15	Yes (Daily updates)	2 hours after order
Expedited (Express)	2-3 business days	\$25-40	Yes (Real-time)	1 hour after order
Overnight (Courier)	Next business day (if ordered before 2 PM)	\$50-100	Yes (Real-time)	30 minutes after order
Economy (Rural)	10-14 business days	\$3-8	Yes (Every 2 days)	4 hours after order
International (Select)	7-21 business days (varies by country)	\$40-200+	Yes (Weekly)	Not cancellable after 1 hour

8. CUSTOMER TIER BENEFITS & RETURN PRIVILEGES

Tier	Criteria	Return Window Extension	Free Returns?	Priority QA	Refund Priority
Standard	0-10 lifetime purchases	None	No (after 1st return)	No (2-3 days)	Normal (7 days)
Silver	11-30 lifetime purchases	+2 days	Yes (3 per month)	No (2 days)	Fast (5 days)
Gold 31-50	lifetime purchases OR \$500+ annual spend	+3 days	Yes (6 per month)	Yes (1 day)	Very Fast (3 days)
Platinum 100+	lifetime purchases OR \$2,000+ annual spend	+5 days	Yes (Unlimited)	Yes (Same-day)	Instant (1 day)

9. PROHIBITED BEHAVIOR & ACCOUNT FLAGS

Mubashir's Mart reserves the right to suspend or terminate accounts engaging in return fraud or abusive behavior. RED FLAGS include: (1) More than 40% return rate over 30 days, (2) Serial returns of the same item (3+ times), (3) Returning visibly used items claiming unopened status, (4) Filing false damage claims with duplicated photos, (5) Initiating chargebacks after receiving refunds. Accounts flagged for suspicious activity undergo manual review. If confirmed, a 'Return Policy Violation' warning is issued. Two violations in 12 months result in a 90-day suspension. Three violations result in permanent account closure and blacklisting. Users can appeal suspensions by providing evidence of legitimate circumstances.

10. SPECIAL CIRCUMSTANCES & EXCEPTIONS

The following situations override standard return policies: (1) HEALTH & SAFETY: Any item posing a health/safety risk is refundable at any time, regardless of condition. (2) DEFECTIVE PRODUCTS: Manufacturing defects discovered within 1 year are covered under warranty and exchangeable/refundable. (3) SIGNIFICANT PRICE DROP: If an item's price drops >30% within 30 days of purchase, customers may request a price match refund (difference only). (4) NATURAL DISASTERS: Customers unable to return items due to natural disasters (floods, earthquakes, etc.) can provide postponement requests for up to 60 days. (5) MILITARY/GOVERNMENT: Items purchased by military or government entities with requisition orders receive a 60-day return window. (6) BULK BUSINESS ORDERS: B2B orders >\$5,000 are subject to negotiated return terms and may include extended timelines or exemptions.

11. CUSTOMER SUPPORT & ESCALATION PROCESS

Primary Support Channels:

- Email: support@mubashirsmart.com (Response time: 24-48 hours)
- Live Chat: Available Monday-Friday, 9 AM - 6 PM PST (Response time: 5-15 minutes)
- Phone: +92-21-3456-7890 (Available 10 AM - 5 PM PST, weekdays only)
- Mobile App: In-app messaging with assigned support agent
- Social Media: Twitter/X (@mubashirsmart_support), Facebook (limited support)

Escalation Procedure:

If initial support cannot resolve your issue: (1) Request escalation to Level 2 Support (manager review, 48-72 hours). (2) If unresolved, escalate to Level 3 (department director, 5-7 business days). (3) Final escalation: Executive Review (VP of Customer Experience, 10-15 business days). Each escalation requires documented communication history and specific unresolved complaints. Escalations are tracked and closed with a formal resolution statement.
